

So 1P

Cutting device for adaptors

CE

Option:
So 1S
Manual swaging machine

For the efficient cutting of adaptor, initial, intermediate and end sections of insulation pipe.

Option:
So 1R
Disc Master

-  Increase your productivity with the So 1P
-  Straight insulation pipes with a diameter of 70 - 800 mm are useable
-  Thanks to light weight of only 25 kg, ideal for use on site (e.g. building sites)
-  Detachable, screw-fitting feet
-  Easy to operate
-  230 V power supply

Machines from  - So to speak!

Technical specification So 1P:

Length: 1150 mm

Depth: 440 mm

Height: 1000 mm

Sheet metal thicknesses:

Mild steel max. 1.6 mm

High-quality steel max. 1.2 mm

Stainless steel max. 1.2 mm

Aluminium max. 2.0 mm

Sound pressure level: 85dB (A)

Power supply: 230 V

Weight: approx. 25 kg
